### WHERE U BEEN?

I had a spare 6 hours last night. I managed to finish a song for the new [Slipshod Swingers](#) album, *Transistor Radio*. I really like it. It's my first time playing a guitar solo. I think it came out pretty good. Of course, the final version will probably have Sonny from [The Temperance](#) doing the real shredding. I, unfortunately, can only manage mini-shreds at the moment. Hopefully, I will get a chance to work on soloing in the coming weeks. In the meantime, here is a rough, preview of the second song off of *Transistor Radio* (2008). It is titled, [where u been](#), and is available for [upload to your myspace profiles](#). Let me know what you think.

### PERRY FARRELL AND DTH

In other news, [The Downtown Harvest](#) have a new record out. Do you like *Shrimp Fried*? Such a good song. This fantastic foursome will be opening for [Perry Farrell's](#) new group, [Satellite Party](#), at The TLA/Fillmore on September 6th in Philadelphia. Check DTH's website for upcoming California dates. I do believe they will be coming to San Francisco and Los Angeles. In fact, I know so, since Fitzy-boy just called me a couple weeks ago to let me know. Of course, I is in Korea, so everyone will have to enjoy the festivities without me.

Catch you on the flip,

P.
